General

1. We are communicating herewith a few changes to EXFOR entries.

2. We have not received up to the present any comments on tapes TRANS 2006-2010. We can hardly believe that we are all that good!! Could we also ask CJD to comment on the EXFOR tapes of other centres?

COMMENT/DATA

Add after line 9 :

'The 2.8 eV resonance is given as 0.012 milli-eV instead of 0.120 milli-eV, as it probably should be. (See BNL-325, 2nd Edition, Suppl. 2, Vol. III, page 92.233-8). No confirmation could be obtained from author'.

.Change first line of DATA under column DATA '1.20000E-2' to '1.20000E-1'.
