for the attention of dr h d Lemmel

memo 4c-2/59, reference hdl telex 21/10.

do not forget i am single-handed and working against two deadlines. hence the informal photocopy rather than formal 4-centre memo of dictionary changes sent 25 sept to nds and mncsc.

codes : Lab ceg = central electricity generating board, berkeley labs, uk

rept rd/b/m = report code for above

rept neandc(uk) is the only one in so far, see specref list

Lab boc = univ. bochum, 2ger (mea culpa, added 27/9)

Lab sai notified by mncsc is science applications inc, lajolla, calif

rept ap/ctr/tm notified by mncsc is applied phys div, technical memo, anl

rept dna appears in mncsc batch bnl 003, but was not notified. Lab = sai.

rept mna is not in cinda dictionary, entered file via last tic extape. Lab=mry. at same time Lab mnc which is a duplicate for mry was added to dic. source of confusion lost in sands of time. delete lab 'mnc' (no entry), mncsc please explain reptcode.
