

Memo 40-3/101

To: Distribution  
From: H.D. Lemmel *Lemmel*  
Subject: CINDA 74, text pages

11 June 1974

The first copies of CINDA 74 have been sent out. As discussed during the 40-Meeting, any suggestions for changes in the text-pages should be submitted soon in order to have sufficient time before the deadline of the supplement book for circulating a revised version.

**Please note:**

1. The introductory pages in the front of the book should be as brief as possible and should give the user of the book the minimum of information he needs for its understanding.
2. All more detailed explanation goes into the explanatory pages at the end of the book.
3. The text pages in the book are exclusively addressed to the user of Cinda. Information which is needed for Cinda compilers only, must be excluded.

For the publication schedule of the CINDA 74 Supplement book I refer to NDS Memo 254 of 17 Jan 1974, respectively pages 1.3 to 1.5 of the NDS Cinda Manual.
