. The labcode 4CANCPO was introduced in 4C-1/43. I find no indication that this was obsoleted. I cannot verify a report-code INCC-. Please, correct me if I overlooked something.

Since Pamela Attree is, and I am going to be, on leave, a change in the data-heading tags had to be postponed. What changes in the sequence of the data-heading dictionary are suggested?

Thanks for pointing out the errors.
