Subject: Exfor Manual Update

Please, find attached, for your information, the new update pages of the NDS Exfor Manual. This is a follow-up of the provisional NDS Exfor Manual update of 74-5-10, of which you received an information copy.

Besides corrections of minor mistakes or inconsistencies and a few NDS internal matters, these updates include only items which had been agreed at 4C Meetings or by 4C Memos, partially long ago. We therefore propose that these Manual changes be adopted (unless objections arise in due time).

Upon request, we can supply you with more copies of NDS Exfor Manual update pages.

NDS staff: Please, update your Exfor Manual with the attached pages. Check your Manual copy against the "List fo valid pages" included in the present update. Suggestions to be included in the next Manual update are welcome.
