

To: Distribution
From: P. M. Attree, H.D. Lemmel
Subject: Cinda publication schedule

3 February 1975

After receiving replies from NDCC and NNCSC we withdraw our proposal to postpone the CINDA75 deadline to improve the completeness.

Instead, we suggest for the future issues of Cinda:

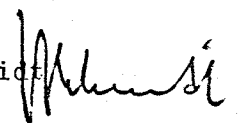

- to have a first deadline about 2 weeks ahead of the normal deadline;
- then to check whether a minimum list of journals and report-series (to be agreed upon) has been scanned for the past half year, and to prepare the missing entries;
- and then to proceed as normal.

This proposal seems suitable to avoid the most serious gaps in the coverage. The schedules attached have been modified accordingly and are submitted for discussion at the 4C-Meeting.

At IAEA this schedule was agreed at a meeting on 20 December 1974 between Mrs. Attree and Messrs Dietl, Dreger, Grell, Lemmel, Schmidt, and we suggest this schedule to be approved by the other Centers.

Alternative schedules

For the case that the Four-Centers Meeting (10-14 March 1975) agrees that the Cinda publications be changed to a two-years cycle, the same schedule would apply:

CINDA75/76 main volume ca 2100 pages	3 March/10 June 1975
first supplement ca 250 pages	15 Sept/7 Dec 1975
second supplement ca 500 pages	15 Feb/1 June 1976
third supplement ca 750 pages	15 Aug/1 Dec 1976
