1. Hans Lemmel only returns to work next week following sick leave, and therefore we need time to study memo 4C-1/65 concerning the use of pointers. We will reply as soon as possible.
2. Concerning the last paragraph of memo 4C-1/65, there is no error in the NDS bookkeeping program (at least, not the one specified!). Please refer to EXFOR Manual page III.8, where it specifies that in the COMMON record,

N_1 - Number of common data entries.

N_2 - Number of records in common data section.
