

Memo 40-3/179

To: Distribution 19 October 1976  
From: H.D. Lemmel *WOL*  
Subject: Proposal about column-heading MISC.

*Manual*

Based on internal discussions we came to the conclusion that the column-heading keywords MISC, MISC~~1~~ etc. make little sense when entered under COMMON, for the same reason as the heading FLAG is forbidden under COMMON (Compare "Flag" in Lexfor).

We propose to state explicitly in Lexfor under "Miscellaneous" and on page VIII.25 of the Manual that MISC, MISC~~1~~ etc. must not be used in the COMMON section, similarly as FLAG. The Lexfor entry "Miscellaneous" should also have a cross-reference to page VIII.25.
