1. Price

Our Division of Publications has informed us of the subscription price for the 1978 Cinda publications. The price for the

- Fourth Supplement to be issued in Spring 1978, and the
- Fifth Supplement to be issued in Fall 1978

will be 45.- US dollar. The bulk order deduction will be 50% as before. This price has been calculated on the assumption that the number of copies of the bulk orders from CCDN and NNDC will remain unchanged. This price supersedes my preliminary estimate of June 1977 which took insufficient account of the increase of production costs due to inflation and dollar exchange rate.

2. Title

Since the 1978 Supplements are not included in the sales price for CINDA 76/77 and its three supplements, our Publication Division requests, for easier reference, the following title for the 1978 issues:

Big title: CINDA 78

subtitle: Supplement 4 (resp. 5) to CINDA 76/77

We regard this as a good solution and will assume your approval unless you express an objection.

3. Publication schedule

Please, find on the following page the detailed publication schedule for CINDA in 1978, which is based on Memo 4C-3/188 of 76/11/25. The last page contains an outline of the schedule for 1979 onwards. May we have your comments?

We shall assume your approval unless you express an objection.

It is advisable to file these pages with the Cinda Coding Manual.
