Subject: Retransmission of incorrect EXFOR subentries

Please find enclosed a list of those Exfor subentries where transmission - as requested by NDS in the error reports of various TRANS tapes received - is still pending.

We should like to mention that even extensive corrections to incoming TRANS tapes are made by NDS wherever possible, and retransmissions are requested only when it cannot be decided here how the correct version should look like. Since most of these subentries are deficient either in the data themselves or in their definition, they are of limited or no use to our customers. We therefore will appreciate retransmission of the corrected subentries at your earliest convenience.
