

Memo 4C-3/316

To: Distribution

Date: 1 October 1987

From: O. Schwerer *O. Schwerer*

Subject: Deletion of entry 40376

When comparing EXFOR entries 40376 (converted from NEUDADA) and 40272 (converted from DASTAR), it seems that both entries refer to the same experiment, or one supersedes the other. Since entry 40272 has more points and gives more BIB information, we suggest to delete entry 40376 from the file unless CJD has an objection.

Entry 40376 contains no reference date nor EXP-YEAR. If it should be retained, we request retransmission including a ref-date.
