Subject: CINDA Publication in 1990  
-----

We are now aiming at publishing in 1990

- the archival issue of CINDA covering the references published in the period from 1935 to Dec. 1987,
- the current issue of CINDA covering the period from Jan. 1988 to the deadline in 1990,

both issues in the traditional style.

At its recent meeting, the INDC made a strong recommendation, that the Agency should continue to publish the Cinda books regularly, even without the bulk orders from NNDC and NEA-DB.

Due to exceptional circumstances, we hope that the internal budget required for this effort in 1990 will be available and approved.

We are planning for the normal spring deadline for publishing both the archival and the current issue. This means that we request all centers to make all efforts towards a complete and correct Cinda file by about February/March 1990. More specific deadlines will be communicated later. For technical reasons, we have no flexibility with the deadline.

We would be able to provide the staff of the contributing centers with a limited number of free copies. Additional copies would be for sale only. If at least a small bulk order would be purchased from the centers (for 50% bulk order price as before), kindly let us know, possibly by return telex, because we must determine the number of copies required to be printed. A preliminary estimate of the sales price is in the order of 6000.- AS, i.e. 3000.- AS or 230.- US\$ bulk order price.

Furthermore, we would like to receive from NNDC and NEA-DB their previous CINDA-book distribution lists for the purpose of sales promotion.
