MEMO 4C-4/6

Subject: Replay on Memo 4C-3/13

From: A.V. Ignatiuk

Date: March 13, 1970

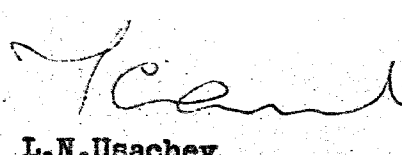

CJD agrees with Dr. P.M. Attree that it's ridiculous to send the tapes containing only alterations for the dictionaries. We propose that NDS should send alterations and additions for dictionaries to all centres in three forms:

- 1) photocopies of the original typed Memos like the form of Memo 4C-2/2,
- 2) photocopies of the input-forms NDS as proposed in Memo 4C-3/13,
- 3) output print of the altered dictionaries.
