From: S. Maev (alias: S.Mayev)

Subject: Correspondence of EXFOR 8-AREA Numbers series to the
ordinary EXFOR 4-AREA Sequence

Having in mind uniformity of Area-4 EXFOR Entries numbering, we
decided to convert existing 8-numbering series Entries to the ordinary
Area-4 number system. So we begin converting of the remained 8-number
entries. Here is the list of correspondence between 8- and 4- series
numbers for entries being transmitted in TRANS 4105, TRANS 4106:

New Entry 41241 corresponds to old Entry 80361
New Entry 41242 corresponds to old Entry 80365
New Entry 41243 corresponds to old Entry 80366
New Entry 41244 corresponds to old Entry 80372, 80373
New Entry 41251 corresponds to old Entry 80374
New Entry 41252 corresponds to old Entry 80378
New Entry 41253 corresponds to old Entry 80385
New Entry 41254 corresponds to old Entry 80390
New Entry 41255 corresponds to old Entry 80386
New Entry 41256 corresponds to old Entry 80410
New Entry 41257 corresponds to old Entry 80415
New Entry 41258 corresponds to old Entry 80420
New Entry 41259 corresponds to old Entry 80503
New Entry 41261 corresponds to old Entry 80450

Besides, old 4-ENTRIES correspond to existing 8-ENTRIES. In TRANS
in question those are:

Old ENTRY 40743 contains data of old ENTRY 80501
Old ENTRY 40806 contains data of old ENTRY 80390
Old ENTRY 41221 contains data of old ENTRY 80387

So we ask you to exclude above-mentioned 8-series Entries from your
EXFOR library and replace them by the ordinarily-numbered entries
according to the list given above.

Stanislav Maev

Clearance: Vassily Manokhin.
