**Subject: New Reference Codes.
Addition to Diction 07
For discussion during AGV meeting 2000**

There exist several conference proceedings held in Dubna, Russia, in the period from 1992 to 1999 with some amount of data. Those proceedings are assigned as ISINN-(number) by the originating laboratory - 4ZZZDUB, and as such they must be coded as conference proceedings within the Report series, Dictionary 6. At the same time these proceedings are Conferences' ones which took place at a definite site at definite time, and as such must be coded in a known manner as Conference Proceedings, Dictionary 7. Besides, there exist already JINR codes for them:

JINR-E3-

But is the abbreviation ISINN already widely known?

After some discussion we, Vassily Manokhin and me, decided to propose adding of corresponding codes to Dict.07, (Books and Conferences), not 6.
