

**MEMO CP-A/138**

*7-May-2003*

To: **Distribution**  
From: **F.E. Chukreev , S.Babykina**  
Subject: **Modify the definition SIG/DN and DN in dictionaries 36 and 32**

We are suggest to change the definition of 'SIG/DN' and 'DN' in dic.36 and 32.

**SIG/DN** (cs differential by number of outgoing particles)  
**DN** (differential with number of outgoing particles)

It will permit to compile a lot of paper without input new codes in dic.36 and 32, which has been proposed for A0361 ( See action 35, meeting 2002) and O0939 ( see CP-D/359) and lot of other.

On last Paris meeting after discussion of WP12 , Action 35 was accepted where SIG/DN code has been recommended to use for data from Entry o0939.

Therefore, we do not see needed to input new codes NPART etc ( See Memo-CP-D/359) for SF4, if the definition code DN will be modified.
