Subject: Data required for evaluating the $^{12}\text{C}(\text{p}, \text{x})^{11}\text{C}$ reaction.

We are beginning our evaluation of the $^{12}\text{C}(\text{p}, \text{x})^{11}\text{C}$ standard reaction. Attached is a list of references pertaining to this evaluation. To aid our evaluation effort we wish to code into EXFOR those references which are not already in EXFOR. Prior to beginning this compilation effort, we would like to know if our plans to code these data will duplicate any work planned or underway at your center.
