Memo CP-C/269

DATE: 14 June 2000
TO: Distribution
FROM: V. McLane
SUBJECT: Reply to Memo CP-A/102
1) Additions to Dicts. 13 and 36
2) LEVEL-PROP keyword

1.) I agree to the addition of FIS and SPL to Dict. 31 and the respective Dict. 36 entries. These codes were once in the system and were removed at some time, therefore, there is an entry in the LEXFOR Manual for them. (Feliks Chukreev has suggested, in an email to me, an update for that LEXFOR entry, and I will look into doing it).

2.) I do not agree to allowing the use of E-LVL-INI, etc., to the field specifier list. The field specifier need not be identical to the data heading used. The following is an example of how an entry using LEVEL-PROP and E-LVL-INI, etc. would be coded.

Example:

```
BIB
LEVEL-PROP (82-PB-206,E-LVL=1.34,SPIN=3.,PARITY=+1.)
            (82-PB-206,E-LVL=0.803,SPIN=2.,PARITY=+1.)
...
DATA
E-LVL-INI  E-LVL-FIN  ...
MEV        MEV        ...
1.34       0.803      ...
...
```
