Memo CP-C/318

DATE: February 12, 2003
TO: Distribution
FROM: V. McLane
SUBJECT: Reply to Memos CP-D/358 and CP-D/359

Memo CP-D/358 (Differential by number of prompt neutrons).

Memo CP-C/359 (Partial cross section for production of a specified number of product particles)

I like the addition of NUM in SF5. However, I prefer the more generic code for SF4; the exact particle can be specified in SF7 as is now the practice, e.g.,)NPART,NUM,SIG,HF. Otherwise we will eventually need more codes for SF4 (LFRAG, LCP, HCP).
