Memo CP-C/385

Date: 31 August 2009
To: Distribution
From: O. Schwerer
Subject: Addition to Dictionary 236 (Quantities) : **PAR,DA,*+*** and **PAR,DE,*+***

For use in compilation of K.Mercurio et al., PR/C,78,031602,2008 (entry C1660, TRANS C091) we propose the following new code combinations for the quantity dictionary 236:

PAR,DA,*+*	DAP	DA	Partial angular distribution of correlated pair
PAR,DE,*+*	DE	DE	Partial energy distribution of correlated pair

It should be noted that quantities ,DA,*+* and ,DE,*+* are already defined and explained in LEXFOR („Differential Data“, pages D.10 and D.12, respectively). The only new component needed is PAR in SF5.
