Date: 19 November 2009

To: Distribution

From: N. Otsuka

Subject: Dictionary 3 (Institute codes) – Mexican institutes (3MEX)

During communication about compilation of neutron elastic scattering data reported by E. Chavez *et al.* [1] with authors, I was informed by Dr. Luis Carlos Longoria Gándara (Director de Investigación Científica, ININ) that

3MEXCNM (Centro Nuclear de Mexico, Salazar)

is a colloquial name of

3MEXINI (Instituto Nacional de Investigaciones Nucleares(ININ), Ocoyoacac) (Salazar is a small town or place within Ocoyoacac.). I would like to propose the following change of the dictionary:

Dictionary 3 (Institute codes)

3MEXCNM (*Obsolete*)

Comments on O1457.001

INSTITUTE: 3MEXCNM should be 3MEXINI.

Because only abbreviated names for all Mexican institutes, I received the full names of all Mexican institutes defined in the dictionary from Dr. Efraín Chavez to improve their expansions.

Dictionary 3 (Institute codes)

3MEXCNM Centro Nuclear de Mexico, Salazar, Edo. de Mexico
(Colloquial name of ININ. Use 3MEXINI.)

3MEXINI Instituto Nacional de Investigaciones Nucleares (ININ), Ocoyoacac

3MEXIFM Instituto de Fisica, Universidad Nacional Autonoma de Mexico
(IFUNAM), Mexico City

3MEXIPN Instituto Politecnico Nacional, Mexico City

3MEXITM Tecnologico de Monterrey

3MEXUGM Universidad de Guanajuato

3MEXUMX Universidad Nacional Autonoma de Mexico
