Subject: Dictionary 5 (Journal codes) - PRS

“Proceedings of the Royal Society (London)” was published from vol.7 (1854) to vol.75 (1905), and then split into Series A and B since 1905 (vol.76). The following dictionary update is proposed.

Dictionary 5 (Journal codes)

PRS (Extinct)

(Both proton and neutron were not discovered in 1905. So probably we do not need this journal code in EXFOR/CINDA dictionary.)

Coding mistake in EXFOR

PRS is coded in three EXFOR entries (A1042.001, A1141.001 and A1142.001) for which PRS should be changed to PRS/A.

Coding mistake in CINDA

PRS is coded in three CINDA lines for which PRS should be changed to PRS/A.
