Subject: Missing pointer to headings DATA and DATA-ERR

Existence of pointers to headings DATA and DATA-ERR in the multiple reaction formalism was checked automatically. The list of suspicious subentries from the program was distributed in September 14 2009, and then also manually compared with the EXFOR file. During this manual checking, some additional mistakes for other headings (e.g. ERR-S) were also found. All proposed corrections are summarized below. Note that NDS did not check the original article.
