Date: 10 May 2010

From: N. Otsuka, Y. O. Lee

Subject: Collection of numerical data from the ND2010 conference

The Conference Proceedings of ND2010 (International Conference on Nuclear Data for Science and Technology April 26-30, 2010 Jeju Island, Korea) will be published as an issue of Nuclear Engineering and Technology of Korean Nuclear Society.

To fulfill the action about the collection of numerical data from the conference required in the NRDC 2010 meeting, we have discussed collaboration between LOC (Local Organizer Committee) and NRDC.

We concluded that (1) NDS prepares a letter to request each author to provide the manuscript and numerical data for EXFOR compilation; (2) LOC sends the letter to the author when the manuscript is accepted by LOC; and (3) NDS forwards the manuscript and numerical data to the responsible centre for EXFOR compilation.

Note that this procedure does not restrict any communication between authors and compilers. Centres are encouraged to start to communicate with authors.
