Memo CP-F/005

DATE: October 19, 2012
TO: Distribution
FROM: Taova
SUBJECT: Dictionary 24 (Data Headings): Digitizing errors

We propose to introduce a new heading to the list of digitizing errors (see Memo CP-D/374,375):

MISC-ERR-D.

We need in this heading when we enter an argument presented in a form of miscellaneous data (e. g. COS**2).
