MEMO CP-N/17

DATE: 12 December 2001
TO: Distribution
FROM: M. A. Kellett
SUBJECT: New and Obsolete Institute Codes for Dictionary 003

Dear All,

Please note the following dictionary updates.

The following new conference code needs adding to Dictionary 007:

99TSUKUB 9th International Conference on Radiation Shielding, October 17-22, 1999 (ICRS-9),
Tsukuba, Japan

and the following new journal code needs adding to Dictionary 005:

NSTS Nuclear Science and Technology - Supplement, Japan

Note: I believe the addition of the **NSTS** code is necessary as the Supplement issues by the **NST** journal are of a “one off” variety and are usually used for conference proceeding publication. We had agreed at a previous NRDC meeting (May 2000 I think) that the coding of conferences using both the conference title and the journal reference was useful. (See for example **96NOTRED** and its equivalence **NP/A 621**)

Kind Regards,

Mark
