**MEMO CP-N/27 (revised)**

**DATE:** 22 June 2004  
**TO:** Distribution  
**FROM:** M. A. Kellett  
**SUBJECT:** Additions to Dictionaries 003 (Institute Codes) and 007 (Conferences)

Dear All,

Please note the following Dictionary 003 addition:

**2FR NTE** Université de Nantes, 1 quai de Tourville BP 13522, 44035 NANTES  
Should also be used for the associated laboratory known as:  
Laboratoire de physique subatomique et des technologies associées (SUBATECH)

I have checked the three letter laboratory code against the latest dictionary and it has not been assigned already.

The following Dictionary 007 addition should also be noted:

**2003DARMST** Workshop on Nuclear Data for the Transmutation of Nuclear Waste (TRAMU),  
GSI Darmstadt, Germany, 1-5 September 2003

This workshop marked the end of the HINDAS project which was on High and Intermediate Energy Data for Accelerator Driven Systems and was funded under the European Fifth Framework Programme. A significant amount of both neutron induced and light charged particle induced reaction data were presented.

Kind regards,

Mark
