**MEMO 4C-4/153Corrected**

DATE: 21 May 2004  
 TO: Distribution  
 From: S. Maev (alias: S.Maiev, S.Mayev)  
 Subject: Modified update format for Dict. 36  
 Reference: CP-E/41, CP-C/341, CP-D/395

It seems to me quite reasonable to specify INDEPENDENT VARIABLES for Dictionary 36 updating, equally also accept the format proposed in CP-E/41 as recommended for Dict.36 updates.

In addition, I should like to combine proposals given in the MEMOs mentioned above and to add to the last column, together with Journal reference put forth by V.McLane, SUBENT reference given in initial MEMO CP-E/41. So the final form would look like -

Quantity	Independent variables	Unit	Reference/ SUBENTRY

In my opinion this would facilitate the search of the topics.
