**Memo CP-C/318**

**DATE:** February 12, 2003  
**TO:** Distribution  
**FROM:** V. McLane  
**SUBJECT:** Reply to Memos CP-D/358 and CP-D/359

Memo CP-D/358 (Differential by number of prompt neutrons.

Memo CP-C/359 (Partial cross section for production of a specified number of product particles)

I like the addition of NUM in SF5. However, I prefer the more generic code for SF4; the exact particle can be specified in SF7 as is now the practice, e.g., .....NPART,NUM,SIG,HF. Otherwise we will eventually need more codes for SF4 (LFRAG, LCP, HCP).
