

Memo CP-D/264

=====

To: Distribution

1 February 1996

From: O.Schwerer

Subject: Dictionary transmission 9070 and some new codes

Dictionary transmission 9070 is being distributed on tape and is available by FTP from our open area (again in 2 formats: TRANS 9070 and in DANIEL backup format, DAN_BACK.9070).

In addition to updates requested in recent memos, it contains some (mostly cosmetic) corrections needed for the CINDA book production. Also, we are grateful to Dr.Chiba for pointing out several mistakes in TRANS 9069. The new codes for dictionary 36 from TRANS 0003 (see memo CP-D/262) are not yet included because they need explicit approval by the data centers.

The following changes / new codes were not yet distributed in a CP memo.
