Subject: Comments on TRANS A042

These are our comments on TRANS A042:

A0538.002, line 5: delete redundant ')'

A0538.004, line 5: delete redundant ')'

A0538.007, line 7: '(' missing

A version with these mistakes corrected is available from the NDS open area.

In subentry A0538.009 (line 4), the REL modifier in the REACTION string should probably be deleted.
