

Memo CP-D/312 (Revised)

=====

To: Distribution

From: O. Schwerer

Date: 2000-05-06, revised 2000-05-10

Subject: Proposed additions to Dictionary 24:
New data heading codes E-LVL-INI1, E-LVL-INI2 and
E-LVL-FIN1, E-LVL-FIN2

For coding production cross sections of unresolved γ -lines with almost identical energies, resulting from transitions in different isotopes, we propose to add these new data headings to dictionary 24.

Such measurements were reported in a paper by Hongyu Zhou et al., NSE, 134, 106, 2000 and compiled in entry 31492 (new subentries transmitted on TRANS 3106).

As an example, one of the relevant subentries is given on the next page (**revised**).

Note misprint in original version of memo CP-D/312 (incorrect value for E-LVL-INI1).
