Memo CP-D/382

Date: 17 February 2004
To: Distribution
From: O. Schwerer

Subject: Additions to dictionary 3 (Institutes) and 7 (Conferences)

1. Univ. and INFN Milan (proposal of CP-D/380)

After feedback from NEA-DB we withdraw our proposal to introduce a new lab code (2ITYLAM) for LASA which is in fact part of the University of Milan. Instead, the expansion of the existing code 2ITYMIL will be modified to include also the Milan branch of INFN, as was done earlier for the case of Genova (compare 2ITYGVA):

Modify expansion:

2ITYMIL Univ. + INFN Milan

(Note that the second proposal of CP-D/380 - change of expansion of 2ZZZISP - will be introduced as proposed.)

2. The following new conference code is proposed for addition to dictionary 7:

91VILLIG 4th Int. Workshop on Targetry and Target Chemistry,
Villigen, Switzerland, 9-12 September 1991
