Memo CP-D/460

Date: 29 March 2006
To: Distribution
From: O. Schwerer
Subject: **Dictionary 7 codes**

1. The code proposed in memo CP-C/372

03SDIEGO

obviously should read **2003SDIEGO**.

2. The code

80SANTA FE

(with blank between "Santa" and "Fe") is in dictionary 7 and it is used in several entries. Although it is nowhere said that such blanks are illegal, we noticed that some processing programs have problems with it. Furthermore, all other conferences from Santa Fe have codes such as 85SANTA (without "Fe").

Therefore we propose to change the code for this conference to

80SANTA.

(Technically, a new code 80SANTA will be introduced, and the existing code 80SANTA FE will be made obsolete, so that any old occurrences of the old code can still be looked up.)

80SANTA FE is used in entries 10855, 12781, 12998, C0081 and T0005. We ask NNDC to retransmit these entries at the next suitable transmission (after receiving the next dictionary update).
