Subject: Full EXFOR master file in C4 format

As you probably know, a new WPEC (Working Party on International Nuclear Data Evaluation Co-operation) subgroup (SG30) was created in NEA Data Bank with the general task: "Improving the Accessibility and Quality of the EXFOR Database". Under this task, full EXFOR master file was converted to extended C4 format. Now it is available on NDS Web site:

<http://www-nds.iaea.org/x4toc4-master/>

In the future, full EXFOR in C4 format will be regularly updates and available on this Web address as it is done for central EXFOR master file.
