## Memo CP-E/033 (Revised)

**Date:** February 4, 2004  
**To:** Distribution  
**From:** OTSUKA Naohiko and KATŌ Kiyoshi  
**Subject:** Two journal codes PR/B and MSK/A

I find two journal codes which are expanded inappropriately.

### 1) PR/B:

This code is now expanded as “Physical Review, Part B, Condensed Matter”. However this expansion is correct for only three **EXFOR** entries: 10383 (S.S. Malik et al., 1973), 12860 (R.E. Word et al., 1982) and 13731 (H.A. Mook et al., 1980) **and for additional two references in CINDA: J.R. Granada, Phys. Rev. B 31(1985)4167 and J.R. Granada, Phys. Rev. B 32(1985)7555**. All other entries coded with PR/B refer “Physical Review (Second Series)”.

Volume 133 to 140 of this Second Series is divided into Section A and B. Section A is devoted to atoms, molecules, and condensed matter. Section B is devoted to nuclei and elementary particles. Therefore correction is needed for the expansion of this journal code. See also editorial notes in Phys. Rev. 2nd Ser. **132**(1963)1, **138**(1965)AB1 and **140**(1965)AB1.

Publication year coded in Entry 13731 must be corrected. Not *198001* but *199001*

### 2) MSK/A:

This code is now expanded as “Memoirs of Faculty of Science, Kyoto Univ., Ser. A”. However no such journal exists. Now **two entries** O0032 (H. Sakaguchi, 1982) **and O0698 (T. Ichihara, 1988)** use this journal code. We find the reference of this entry in “Memoirs of the Faculty of Science, Kyoto University, Series of Physics, Astrophysics, Geophysics and Chemistry” Vol.36 No.2 p305 (1982). This journal is started from Vol.32 (1967) and still continues.

Publication year coded in O0032 must be corrected. Not *1983* but *1982*.
